Guidelines for Canada-Ireland Co-Development Incentive for Audio-Visual Projects 2016-2017

The Canada-Ireland Co-Development Incentive (“the **Incentive**”) is a collaboration between the Canada Media Fund (**CMF** or “**Party**”) and the Broadcasting Authority of Ireland (**BAI** or “**Party**”) (the CMF and BAI, collectively the “**Parties**”) to fund the co-development of eligible audio-visual projects between producers from Canada and Ireland.

The total amount of funding available through the Incentive is CDN \$200,000 (approximately €150,000) with CDN\$100,000 (approximately €75,000) contributed by each of the CMF and BAI. Such funding will take the form of a repayable advance.

To be considered for funding through the Incentive, projects must comply with both Parties’ general funding criteria, with the CMF determining eligibility for the Canadian portion of a project and BAI determining eligibility for the Irish portion of the project. Projects will be evaluated and chosen by a committee comprised of representatives from each of the CMF and BAI through a selective process (using the Evaluation Criteria listed below). It is important for Applicants to note that eligibility to or financing through the Incentive does not guarantee the Applicant eligibility or financing for further CMF or BAI funding in development or in production.

The total maximum contribution for each project funded through the Incentive shall be CDN \$50,000 (approximately €40,000), consisting of (a) a CMF contribution which shall not exceed 75% of the Canadian development budget and (b) a BAI contribution which shall not exceed 95% of the Irish development budget.

The total contribution from each of the CMF and BAI for each project will be determined on a case-by-case basis.

While the ownership, financial control and creative contributions shall be determined in the co-development agreement between the applicable international co-producers, the minimum minority co-producer share shall not be less than 20%. As a general guideline, the CMF and BAI encourage that such elements be proportional to each Party’s respective funding contributions.
