	1.1 Liaise with, and provide advice to, the Department on broadcasting legislation and related matters as appropriate	Liaise with and provide advice to the Department on broadcasting legislation and related matters as appropriate, including:  PSB matters Saorview platform issues Competition matters	Ongoing	<b>√</b>	<b>√</b>	It had been anticipated at the start of 2015 that a short, focussed Bill with a number of proposed legislative amendments would have been introduced before the end of the year. In this regard, the BAI met with DCENR in May and provided input to their discussions on a proposed memo for Government. While the proposed legislation was ultimately shelved, discussions have continued and it was agreed at a further meeting in December that they will be reactivated once the new Minister is in place after the General Election.
1. Legislative, Statutory and Policy Matters	1.2 Provide current, informed, impartial and timely views and advice	The BAI will participate in relevant national and international fora in relation to broadcasting matters.  The BAI will respond to consultations on broadcasting related matters.	Ongoing			Participation by BAI representatives at a European level was strengthened in 2015. Celene Craig was elected to the role of Chairperson of EPRA and represented that organisation at a number of international conferences in addition to chairing two plenary meetings. The BAI presented papers at both plenary sessions. The executive also played an active role in the European Union regulators group, ERGA, and participated in two plenary sessions and three working groups covering the topics of protection of minors, independence of regulatory authorities and territorial jurisdiction. At a national level, meetings were held with Ofcom, Northern Ireland and the BAI also participated in conferences with IBI and Learning Waves. The BAI responded on a significant number of consultations on broadcasting=related matters in the course of 2015 – both nationally and internationally. Principally, these focussed on consultations at the European level in respect of the review of the AVMS Directive

The returns were amended to incorporate the feedback received. The data returns were circulated to and completed by all commercial sound broadcasters in October/November 2015. Similar returns are being prepared for all other community sound broadcasters and section 71 contractors.  Smart compliance self-assessment tools/returns for all broadcasters will be developed and piloted in 2016.  Work activities for 2016 will include a review and revision of the BAI Data and File Management Policy to include the development and implementation of a retention and disposal policy for effective records management and investment in new IT software/CRMs to ensure all data is centralised, searchable and accessible.	
	2.2 IT functions are expanded generally to defined key functional areas	IT strategy is developed and implemented with a particular focus on efficient use of resources and development of IT infrastructure	Ongoing	<b>√</b>	<b>√</b>	A new IT Strategy for 2014-2016 was finalised in 2014. In 2014/15, new desktop computers and laptops were purchased and the BAI upgraded to operating system Windows 7. In line with the recommendations arising from a detailed review of its IT infrastructure and environment, a tender process was conducted to facilitate the migration of the existing infrastructure to the cloud. The tender process for this migration will be concluded by the end of January 2016 and migration should be completed by May/June 2016. The BAI is currently upgrading to Office 365 and an upgrade to Windows 10 will take place thereafter.  The internal audit for 2015 included IT security and disaster recovery and any recommendations arising from this audit will be implemented in 2016.  A new BAI website was designed and developed in 2015 and is expected to go live in early 2016.

In line with its Research Plan for 2015, the BAI conducted a tender process for the award of a 3 year contract for an annual tracker survey on the public's attitudes to and perceptions of public service broadcasting and public service objects. This contract was awarded to Behaviour and Attitudes in January 2016.  The findings of this research will support the Authority's work relating to public service broadcasting, particularly, its 5 year review of public funding for public service broadcasters.  The Research Plan for 2015/16 also identifies the potential value of tracker surveys on Media Literacy and this will be explored further in 2016.

3. Broadcaster and Contractor	3.2 Develop and finalise 3 year Compliance & Enforcement Strategy and Workplan	Compliance Strategy and Workplan are developed and finalised	Ongoing	<b>✓</b>		In anticipation of licensing processes over the period 2015/2016, the focus of compliance activity in 2016 was on undertaking reviews of performance of a range of community services whose licences were scheduled to expire. By year end, performance reviews had been conducted with 11 community sound broadcasting services, including a number of station visits.  Initial work on the development of a compliance & enforcement strategy and workplan commenced toward year end, with the intention of presenting a proposed plan for approval to the Compliance Committee in Q1 2016. The plan will be aligned with the principles, aims and objectives of the BAI's Compliance and Enforcement Policy.	
Compliance Activities (excl. BFS and Archiving)	3.3 Implementation of Compliance & Enforcement Workplan	Compliance Workplan is implemented	Ongoing	*	<b>~</b>	TX Audits: 144 Radio Transmitter stations were audited in 2015 with two minor issues of non-compliance being recorded.  Access Rules: In May, the Compliance Committee considered the performance of commercial and public service broadcasters with the Access Rules in 2014, and their plans for the provision of access services in 2015. Activities undertaken to assess compliance included; meetings with user groups, monitoring of broadcaster output, reports from broadcasters and meetings with broadcasters. In general there was good compliance with the Rules, however some issues arose including the quality and reliability of subtitling on TV3; failure to meet subtitling requirements by TG4 and an issue in relation to the absence of audio description (AD) on RTE JR.  Radio and TV monitoring Random qualitative monitoring of radio stations was undertaken and has highlighted ongoing issues in relation to sponsorship.

Develop and execute an implementation plan for each of the following years  Update Sound & Vision IT system as required	Ongoing Ongoing Ongoing	<b>2015</b> ✓ ✓	<b>2016</b> ✓ ✓	The Minister approved the new S&V 3 Scheme and it was formally launched in January 2015.  Results for two rounds of the S&V scheme comprising 262 projects to a value of €11.7m were approved for funding in 2015. In total 828 TV and radio applications were assessed by the BAI in 2015. Approximately 246 contracts were signed and 554 payments were processed. €10m was paid out in grants for programme production under Sound and Vision in 2015.  The Ancillary Measures provision in the new Scheme facilitated a variety of new initiatives. These included a pilot project for developing education material; an interactive exhibition/workshop centred on the S&V part-funded Song of the Sea; and a conference focused on education programmes on community stations.  Stakeholder engagement consisted of various stakeholder meetings and briefings. The BAI also ran a number of dedicated workshops linked to other events. The BAI also initiated and/or supported a series of screenings of S&V projects across the year including the premieres of three feature films, at the Galway Film Fleadh.  Compliance processes included selection of files for audit by BAI's internal auditors Capita. 14 S&V files that had closed in 2014 were randomly selected and their final cost statement audited. Results of these audits were presented to and approved by the FAR committee in Nov 2015.  The BAI concluded a new 5-year archiving agreement with the IFI to cover the operational period for S&V3. Delivered projects were sent to the Irish Film Archive for compliance and quality audit (TV only) and storage. A phased implementation of the new digital delivery of TV projects to the IFI is in the preliminary stages.  Recoupment of some BAI funds from commercially successful projects occurred in 2015 and will be reflected in the 2016 Annual Report.

		BAI has in place adequate and effective resources to enable it to meet its strategic objectives  HR policies and strategies are in place which enable the BAI to meet its statutory obligations and which facilitate a supportive working environment for BAI staff	Ongoing	✓ ✓	✓	In March, the BAI received sanction to recruit up to 5 additional members of staff. In agreement with the union, it was decided that the BAI Recruitment Policy would apply and that we would prioritise the recruitment of a Senior Manager (AP) in May and Finance Officer (HEO), in early July. Furthermore, consequential vacancies arising from the internal promotions lead to the recruitment of 3 additional HEOs on a permanent basis and 2 on a temporary basis. In late October, another phase of recruitment was conducted to fill Executive Officers positions. The remainder of the positions will be filled in early 2016 following the completion of a review of the Finance function and thereby bringing the ECF up to the approved 35.
8. People and Organisational Development	8.1 Human Resources	Effective performance management results in increased staff commitment and optimum usage and development of the skills and competencies available to the organisation  BAI works (collaboratively and in consultation where appropriate) to create and maintain a positive working environment for the attainment of the organisation's strategic objectives	Ongoing		✓	The BAI has agreed a number of policies with the union in 2015 - Dignity at Work and the Smoke Free Workplace Policy. Work is ongoing on revisions to a number of other policies. Furthermore, the BAI placed an extra emphasis in the year on Wellbeing at Work, through the organisation of a number of seminars and the provision of a range of wellbeing initiatives.  PMD has remained a key focus with formal and informal assessment and evaluations of the PMD process.  Coaching and mentoring is available on request but the overall picture is that assessment of individuals' performance is delivered through feedback at regular meetings. Performance assessments are documented and stored on employees' files per the terms of the PMD Policy.

The BAI held an information event for broadcasters and other stakeholders at the publication of its new Code of Programme Standards and revised Access Rules in January 2015.  The BAI organised a briefing and networking event for all community broadcasters and networks who were applicants for funding under the BAI sponsorship and sectoral development funding schemes.  The BAI co-hosted a public conversation as part of the Digital Biscuit Event in early 2015. The BAI also organised a larger public conversation in Cork as part of the Cork Film Festival schedule of events in November 2015. The event which discussed the relevance and importance of Irish content in the broadcast media was attended by over 100 people and was hosted by broadcaster Claire Byrne.  The BAI also participated in Culture Night in September 2015 and this event included the PPI Hall of Fame inductions.  The BAI organised a number of screenings of Sound and Vision films.  The BAI invited views and feedback via a questionnaire on Survey Monkey from broadcasters and other stakeholders on a number of matters, including the effectiveness of its communication activities and awareness of the BAI's activities. The results were very positive.  A strategic approach to the use of social media has continued with increased use of media-rich footage to enhance social media messaging and to provide information on the BAI's work to a larger audience. Engagement with the BAI via its social media presence on Facebook and Twitter has increased by 28% and 33% respectively in 2015.
